

SBB Research Report: Brazil Pig-Iron

Steel Business Briefing has just completed a fundamental review of the Brazilian iron-making industry. The report provides you with essential knowledge of this key market and its dynamics in a concise and easy-to-use format. It includes a complete description of the main pig iron districts in Brazil, historic developments and provides up-to-date data and figures on capacity, exports, logistics and prices.

The report will help you identify these suppliers by covering:

- Brazilian pig iron industry history and facts
- Price analysis
- Export and port facilities
- Production, capacity and contact details of 90 iron works
- Review of the latest developments and future implications
